“Building a fundraiser around Gene’s visit to our church was enormously successful. Having him give the guided meditation and the message at the morning services resulted in five out of six people attending the workshop he facilitated later that afternoon. Undoubtedly the best workshop experience we’ve ever had, it flowed with energy and well-timed humor as it awakened our imaginations. A truly marvelous experience as Gene reiterated and reinforced everything I have been teaching. Can’t wait to have him back!”

“We brought Gene Wall Cole in as a guest speaker as we are between ministers right now and he so thoroughly inspired our congregation that we had a record turn-out for his afternoon workshop. He brought us not only laughter, music and practical tools to live by in his Sunday message but also a meditation that mesmerized our congregation. His vision is unbounded, his enthusiasm contagious, and his wisdom pragmatic---truly a joyful soul dedicated to awakening imaginations and helping others to realize their potential.”
