and general audiences)

'One of a Kind Evening with Gene Wall Cole' Concert

Wandering Minstral/Story-telling
(for children)

Radio & TV Interviews
(to promote your event)

Fundraising

Besides performing as an accomplished musician on a variety of instruments Gene Cole has mastered an instrument known as The Dulsitar, which was built especially for him. This one-of-a kind instrument blends the sounds of harp, dulcimer and sitar. This beautiful meditative music is a must hear experience. Cole's three CD's each feature the instrument as does his newly released meditation CD. Cole's new book, The Chameleon is an autobiographical memoir of his life, lessons and the path that led him to the life he now lives and shares. With incredible humor and wit Gene Wall Cole delights his audience, bringing joy and laughter to his message of the hope and happiness one finds in living the desires of their heart His Follow Your Dreams workshop can be held following the Sunday service. His one man concert is excellent for mid-week or weekend events and as part of his outreach ministry Gene's motivational speaking has really touched at-risk kids and young adults. Gene's national tour has expanded to include China and Australia excursions which are open as well to all who wish to accompany him.

Cole's incredible life story is one which has taken him through the professional music industry in both Nashville and L.A.. Playing with such noted celebrities as Neil Young, Stevie Wonder, Cat Stevens, Waylon Jennings, and B.B. King, Cole developed his unique musical style and honed his talent with the country's best. After having a profound spiritual experience in the early eighties Cole's life work took a dramatic turn. Overcoming his addiction to drugs and the fast-lane lifestyle that is often associated with the music industry Cole began to live the spiritual messages he was given in not one but two near death experiences. Following the desires of his heart and living 'in the world but not of it' became his solitary path. Standing on scriptural principles and universal laws Cole began to see the manifestation of his dreams in his own life. Over time he began to teach others from his own lessons and eventually established Awakening Imaginations Ministry.

As Gene puts it, "I have been blessed to follow my dreams. I feel it is not only my joy but my responsibility to share my experience, strength and hope with others." Borrowing from an old 12-step adage Cole relays, " My job is to suit up and show up—I do the footwork and leave the results up to God."

Cole's message and his ministry is one of uplifting, joyful exploration as we dare to follow the dreams of our heart. Scriptural references supporting his message are taught as well as universal laws which support our divine right as children of God to embrace all that we desire from life.

Listed is a brief overview of what Gene brings to various churches and organizations as he travels the country on his Awakening Imaginations Tour. For more information or to schedule Gene when he is in your area call Awakening Imaginations Ministry at (828)657-5416.
