Marianne Williamson

“Gene’s music is the first meeting between East and West in a musical vibration, it will heal many people.” **The Dalai Lama**

“Gene has a great talent, and I enjoy his artistry immensely. When he asked me for a quote, I thought of Proverbs 3:4-6:

So shalt thou find favor and good understanding in the sight of God and man. In all ways acknowledge him and he shall direct thy path. **Rev. Henry Holly-Billy Graham Evangelical Association**

“Gene is an old friend and a new brother. He was already on the path when we first met nearly 20 years ago. You’re in for a treat!” **Marianne Williamson**

“If you’re into listening to a guy who is tuned in and turned on to a higher level wisdom, then you’ll enjoy the man, his music and reading his book.” **Mark Victor Hansen-Chicken Soup for the Soul**

“I found Gene’s rigorous honesty both courageous and disarming and his humor most refreshing. I give both his book, *The Chameleon*, and his ministry ‘Awakening Imagination’s’ a hearty two thumbs up! **John Bradshaw-#1 New York Times best selling author and lecturer**

“I have known Gene for a long time and I know him to be a man in search of wisdom and truth. He was one of my ‘Guardian Angels’. His creative muse will inspire and delight you as it has me.” **Barbara De Angelis, Ph.D -#1 best selling author**

“I know Gene Wall Cole. Please read his book! I was one of the first people he shared it with as he too has experienced coming back from the other side. He knows his part.” **Danion Brinkley-#1 New York Times best selling author**

“Gene’s multi-media book, *The Chameleon*, was inspired from his ‘Artist’s Pages’ and is the first of it’s kind. Gene has followed his heart and his art. He is a true original.” **Julie Cameron-Best selling Author -Artist’s Way**

“Gene is an extraordinary man. Knowing him as an artist with astonishing skills, I anticipated enjoying his music, but was overwhelmed by the level of sheer invention in both the production of the music and the writing of *The Chameleon*. His story is compelling reading, filled with imagination and humor. His life is inspiring and he has a gift for sharing a sense of hope. Can’t wait to see him on the silver screen.” **Shadoe Stevens-Actor/ Radio and TV personality**

“Gene Wall Cole was a delightful guest who will definitely be returning. He is open hearted and honest with a gift for being in the present moment. In his first of its kind multi-media book, *The Chameleon* you can join him on his extraordinary journey of spontaneity and aliveness.” **Carolyn Craft-the Wisdom Channel/Network**

“The *Chameleon* is an extraordinary adventure using music as a bridge to personal transformation....Gene is a remarkably diverse talent!” **Matthew Gilbert- Editor NAPRA Review**

“To put it simply, Gene’s appearance was our BEST show this year! Our listeners called during the show and for hours after we went off the air wanting to know how to get his book and CD’s. We’ve never had such a response to a live performer. I would love to have Gene back on our program as our listeners are demanding an encore. He is an inspiration.” **Bobbie Thomas-WELE Radio -#1 radiotalk show**
