

AWAKENING IMAGINATIONS NON-PROFIT MINISTRY

SERIOUS VOLUNTEERS WANTED

This is a letter addressed to those who are driven and inspired to help make a difference in the world. It is our desire to be of service to our fellows by using music and humor to open hearts and then to plant seeds of wisdom to help in the prevention of truth decay in every area of society we can reach. We do this by awakening people to their own potential and inspiring them to create the reality they've only dreamed of before now. We serve diverse audiences from colleges, high schools, churches, corporations interested in altruism as well as children, at-risk youth, mentoring programs, ADD programs and international peace efforts. Awakening Imaginations is a non-profit 501-c-3 organization looking for volunteers to help in the booking of workshops, concerts, adventure tours and speaking engagements in their respective areas as well as anywhere in the world. We need graphic artists, editing, internet research, booking, public relations, data base management, administration staff, legal, organizational skills and eventually volunteers to help turn our retreat center into a Mecca for other healers.

If you have a talent or gift that you believe would help our organization, please fill out the information below. Please mail to:

Awakening Imaginations

PO Box 344

Henrietta, NC 28076
